

PocketBook®

Obreey®

Release Notes

PocketBook Touch Lux

FW Version	4.3
Localization	World Wide
Developed by	Obreey Products

August, 20 2013

Implemented:

LIBRARY

1. Displaying mp3, m3u files in the Library

SETTINGS

1. Separated *Book Store* and *PocketBook Sync* Settings

APPLICATIONS

1. Added *Dropbox PocketBook* application, which allows to download files, added to Dropbox, to the PocketBook device, and to upload books from the Device to the Drop-box server, to sync information about added and deleted books.

Fixed:

READERS

1. Some artefacts after moving cursor on the scroll bar in djvu
2. After rotation the number of columns was displayed improperly in djvu
3. A portion of a graphical note was lost, when it was located on two pages in the table of content

SETTINGS

1. If a book is opened for the first time on the device, page transition pointer in the 'Go to Page' item in the reading menu was set on the last page.
2. The marker was displayed improperly, when 'Page margins' were changed in epub
3. If the 'Current page' was set as a boot logo and 'Open last book' at start, intermediate white screen was displayed

BROWSER

1. In 'Favorite', if a website name is too long, three dots are added in the end.
2. Slow zooming in the 'Zoom' mode
