Firmware: 5.17.2173 (February 17, 2021)

Core Changes

1. Support of the new Dropbox authorization schema.
2. Spanish manual added.

Reading Program

1. Fixed the problem of displaying incorrect automatic page margins after changing the orientation from portrait to landscape in PDF- and DjVu-formatted books.
2. Fixed possible device hang-ups when switching on the device with a PDF-formatted book opened (for some PDF books with a very high number of pages).
3. Fixed the problem that the dictionary was not launched correctly when it was assigned to the pressing of a key in the reading mode.
4. Fixed the problem that it was impossible to return to the reading mode after clicking on a link if this action was assigned to any key.
5. Other minor bugfixes and improvements.
