Release Notes

PocketBook InkPad 2™

FW Version	5.15
Localization	World Wide

October 17, 2016

Implemented:

Readers:

1. Power consumption optimization.

Fixed:

1. In some case possible incorrect pinc-to-zoom gesture handling in *DjVu*-formatted books.
2. Extra updates in the *Library* application.
3. Incorrect genres folders list display when sorting by genres in *Library* application.
4. Incorrect folders sorting when grouping by folders and sorting by file name in *Library* application.
5. Flipping pages prematurely when reading books using TTS service in some cases.
6. Some other minor bug fixes.
