

## Release Notes

### PocketBook U7

Firmware version 2.0

Localization WW

February, 22 2013

## Implemented

New version of Android – 4.1:

- updated '*Camera*' application;
- faster and smoother interface;
- more versatile notification bar;
- resizable application widgets.

### APPLICATIONS

1. Application store '*AndroidPit*' is added;
2. New version of '*ArkMC*';
3. New version of '*Diary*'.

## Fixed

### SETTINGS

1. Portrait orientation in '*Settings*';
2. Sound on keypress in key-board settings is turned off by default.

### MULTIMEDIA

1. Noise in speakers when the volume was turned off (while playing video) is fixed;
2. Sound for screen shot option corresponds to the set level.
